Benchmark Fund of the Year Awards 2023: For more information, please visit benchmark.today/fund-awards-2023/.

1 Attractive long-term opportunity

Healthcare outperformed the broad equity market and most other sectors over the long term.

Total returns (31 Dec 1994 – 31 May 2024)²

2 Resilience during economic downturns

Healthcare also demonstrated resilience during economic downturns³, due to the inelastic nature of demand for healthcare products and services.

3 Long-term secular trends

The global population is aging and there will be more demand for healthcare products and services, as well as increased investments in attaining medical breakthroughs.

Ageing population⁴

Nearly **22%** of the global population will be **60 years old and above by 2050**

Rising healthcare spend⁵

The US spent **17%** of its gross domestic product on healthcare in 2022, an **increase of more than twofold over the last 20 years**

Investments in medical advances⁶

The US Food & Drug Administration has approved more than **400** novel drugs from 2015 to date, **an average of 45 approvals a year**

Why Manulife Healthcare Fund

Three guiding principles

The investment team is guided by these 3 principles in implementing the strategy and believes that healthcare companies with products and services that address these principles should potentially see unprecedented demand.

Unmet medical needs

Stock selection in action⁷

Eli Lilly and Company: US-based biopharmaceutical giant that seeks to address major global health challenges, such as diabetes, obesity, Alzheimer's, and immune system disorders

Underappreciated opportunities

AstraZeneca plc: UK-based industry leader that conducts R&D of prescription medicines in oncology, rare diseases, and biopharmaceuticals

Ability to reduce healthcare costs

Johnson & Johnson: One of the world's largest diversified healthcare products provider, with focus areas in medtech and pharmaceutical solutions

Consistent track record

Cumulative growth of US\$100 since inception (as of 31 May 2024)⁸

Experienced team with a collaborative culture⁹

Steve Slaughter
Lead Portfolio Manager
Global healthcare
36 years of experience

C.J. Sylvester
Portfolio Manager
Global therapeutics
25 years of experience

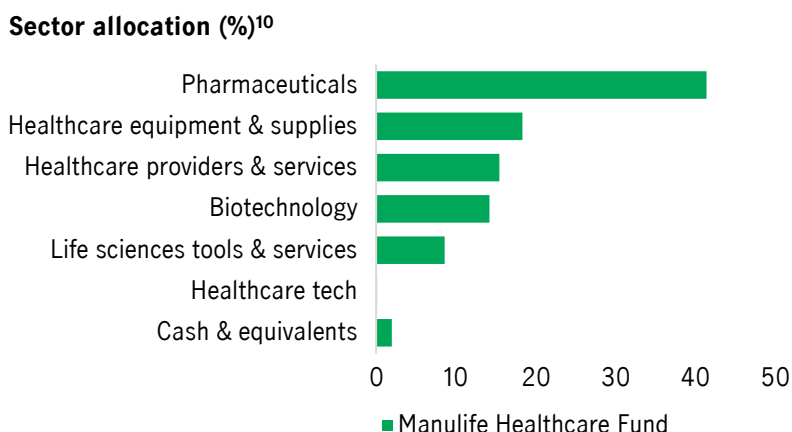

William Hamlyn, ASIP
Investment Analyst
Non-US healthcare
26 years of experience

⁷ For informational purposes only and not intended to constitute a recommendation to buy or sell any security or to adopt any investment strategy. ⁸ Cumulative return is 206.8% on offer-to-bid basis. Since inception (27 June 2008), the class returned 7.64% (annualised) on NAV-to-NAV basis and 7.30% (annualised) on offer-to-bid basis. Performance figures are calculated with all dividends and distributions reinvested, taking into account all charges which would have been payable upon such reinvestment. Past performance is not indicative of future results. ⁹ As of 31 Mar 2024.

Important information

Manulife Global Fund (the “Company”) is an open-ended investment company registered in the Grand Duchy of Luxembourg. The Manulife Global Fund – Healthcare Fund (“the Fund”) is recognised under the Securities and Futures Act of Singapore for retail distribution. The Company has appointed Manulife Investment Management (Singapore) Pte. Ltd. as its Singapore Representative and agent for service of process in Singapore. The information provided herein does not constitute financial advice, an offer or recommendation with respect to the Fund. Opinions, forecasts and estimates on the economy, financial markets or economic trends of the markets mentioned herein are not necessarily indicative of the future or likely performance of the Fund. **The Fund may use financial derivative instruments for the purposes of investment, efficient portfolio management and/or hedging. Investors should note that the Fund may have a high volatility to its net asset value as a result of its investment policy or portfolio management techniques.** Investments in the Fund are not deposits in, guaranteed or insured by the Manager and involve risks. Past performance of the manager or sub-manager is not necessarily indicative of its future performance. The value of units in the Fund and any income accruing to them may fall or rise. Past performance of the Fund is not necessarily indicative of future performance. Investors should read the Singapore prospectus and seek advice from a financial adviser before deciding whether to purchase units in the Fund. A copy of the Singapore prospectus and the product highlights sheet can be obtained from Manulife or its distributors. In the event an investor chooses not to seek advice from a financial adviser, he should consider whether the Fund is suitable for him. **Distributions are not guaranteed.** Investors should refer to the Singapore prospectus for the distribution policy of the Fund. The Directors of the Company shall have the absolute discretion to determine whether a distribution is to be made in respect of the Fund as well as the rate and frequency of distributions to be made. Distributions may be made out of (a) income, or (b) net realized gains, or (c) capital of the Fund, or (d) gross income while charging all or part of the fees and expenses to capital, or (e) any combination of (a), (b), (c) and/or (d). Past distribution yields and payments are not necessarily indicative of future distribution yields and payments. Any payment of distributions by the Fund is expected to result in an immediate decrease in the net asset value per share of the Fund.
